San Michele all'Adige, Trento | ITALY

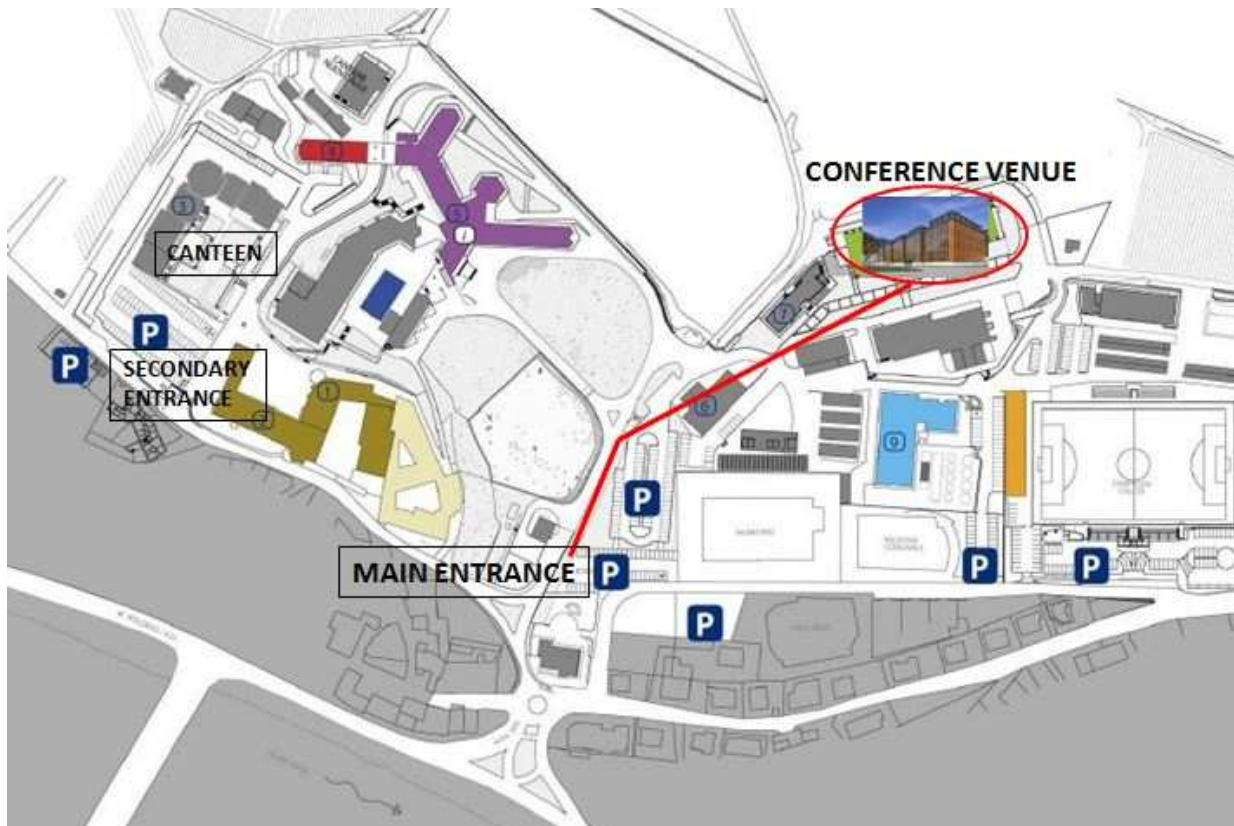

The training school will be held in San Michele all'Adige, in the heart of the Italian Alps, a region well renowned for its excellent wine, famous apples, and beautiful dolomites mountains (UNESCO World Heritage Site since August 2009). This region is the perfect place for those who love mountaineering and hiking in a natural landscape. Trento is the City of the Council that preserves and protects the historical meeting point between the Italian and the Mitteleuropean cultures in its monuments and arts, including MUSE - the Museum of Science that opened in July 2013.

When planning your visit in Trento, you can choose between arriving by car, train or airplane according to your needs and the distance you have to cover.

San Michele all'Adige is about 15km far from to the north of Trento.
